

Physical Education Extension – (Sports Science) 2018 (PE_xSS)

Dear Parents/Guardians,

Your child has shown an interest for the Physical Education Extension – (Sports Science) 2018 (PE_xSS) course in 2018. Please read the information below and have your child return the slip at the bottom of the page to Dalyellup College front office or student services.

In 2017 Dalyellup College implemented an extension program in Physical Education for high achieving students in Health and Physical Education but who have also performed well in other learning areas across the school. This is an aspirational program designed to further the knowledge, skills and understanding of students who demonstrate the potential to become leaders in the school and advance through to senior school Physical Education courses. The aim of this program is to improve students' learning capacity and overall performance and success with their academic achievement. At this stage the course will run twice a week and take the place of general PE class on the timetable.

The PexSS program (Physical Education Extension – Sports Science) is designed to enhance and extend students in all aspects of Physical Education. Students will be introduced to:

- traditional sports (eg. Basketball, volleyball, soccer, athletics)
- fitness based (mountain biking, strength and conditioning)
- applying sports science concepts in a practical format (biomechanics, nutrition, exercise physiology, sports psychology)
- linking with outside agencies to develop coaching and umpiring qualifications

The program has been established as a pathway for students who may wish to study ATAR PE Studies or General PE Studies in senior school. Pre-requisites will include a B grade or better in Physical Education, along with a minimum C grade in English.

If you have any questions regarding the course please do not hesitate to contact me on 9795 2000 or Blake.Kampen@education.wa.edu.au

Yours Sincerely,

Mr Blake Kampen
Head of Learning Area
Health and Physical Education
26 March 2018

Physical Education Extension – (Sports Science) 2018 (PEX)

Application Form – 2018

Student Surname: _____
