PROGRAM EXPRESSION OF INTEREST

2025

STUDIO is our unique Visual Arts program designed to inspire creativity and foster a deep passion for the visual arts. We are committed to providing a holistic art education that will enrich students creative abilities.

Highly Specialised Studio Disciplines:

Our program offers students the chance to explore a wide array of highly specialised studio disciplines. The disciplines range from traditional drawing and painting to digital art, sculpture, and more. Students can immerse themselves in their chosen areas of interest, nurturing their artistic talents.

Community Art Projects:

We believe in the power of art to bring communities together. Our students actively participate in community art projects, using their skills to contribute to and make a positive impact on their local community. This experience instils a sense of responsibility and civic pride in our students.

Pathways to Careers in the Arts:

We will foster links with local artists and the Arts industry with the goal to expose students to a range of Arts career opportunities.

Expression of Interest:

An Expression of Interest is required for those students interested in applying to the Studio Program.

Students will then be contacted to address a selection criteria, which will include a portfolio and a meeting.

Student Name: _____

Year Group: _____

Date: _____
