

STUDIO
SPECIALIST VISUAL ART PROGRAM

Program Expression of Interest 2027

About Studio

Studio is our unique Visual Arts program designed to inspire creativity and foster a deep passion for the visual arts. We are committed to providing a holistic art education that will enrich students' creative abilities.

Highly Specialised Studio Disciplines:

Our program offers students the chance to explore a wide array of highly specialised studio disciplines. The disciplines range from traditional drawing and painting to digital art, sculpture, and more. Students can immerse themselves in their chosen areas of interest, nurturing their artistic talents.

Community Art Projects:

We believe in the power of art to bring communities together. Our students actively participate in community art projects, using their skills to contribute to and make a positive impact on their local community. This experience instils a sense of responsibility and civic pride in our students.

Pathways to Careers in the Arts:

We will foster links with local artists and the Arts industry with the goal to expose students to a range of Arts career opportunities.

Student Expectations:

All students in the program must maintain acceptable standards of behaviour, respect for others and demonstrate a strong work ethic.

Expression of Interest:

An Expression of Interest is required for those students interested in applying to the Studio Program.

Studio Expression of Interest Closing Date:

Please ensure your student's Expression of Interest is completed and submitted **by the end of Term 2 2026.**
